

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **People of MI v Christopher Burnell Thompson**
Docket No. **287737**
L.C. No. **07-005951-FH**

Donald S. Owens, Judge, acting under MCR 7.211(E)(2), orders:

The motion to “correct” certain statements made in appellee’s brief is DENIED. No citation to the trial court record is provided to support the contention that the challenged statements are untrue or that appellant’s version is correct. Further, the court rules provide a mechanism for an appellant to challenge statements and arguments made in an appellee brief, being a timely filed reply brief, and this motion filed several months later will not suffice as a substitute for appellant’s failure to file a reply brief.
